 - 6-4 **Approval of the Updated Employee Handbook/Personnel Policy**
 - 6-5 **Authorization of Executive Director to enter an Agreement with Stetson Engineers Inc. for services required through the California Department of Fish and Wildlife (DFW) grant agreement P1530403 and pending cost share sources to the Upper Green Valley Creek Fish Passage Improvement Project 2017 Construction Oversight for a contract amount of no more than \$82,857.00.**

The goal of this project is to address a significant instream fish passage barrier in upper Green Valley Creek and stabilize the grade through a 600-ft reach, thereby opening up an additional 4,810 feet of high quality rearing habitat for the creek's critical coho salmon population and preserving the reach's

grade stability and floodplain connectivity. This will be accomplished by: upgrading a failing and undersized private road culvert with a 15-ft wide x 7.75-ft high multi-plate arch culvert with an open bottom; removing a concrete checkdam; constructing a step-pool roughened channel 160-feet in length; constructing two series of boulder weirs totaling 440-feet in length. Stetson Engineers, who designed the project, will provide construction oversight in the replacement of the failing culvert, and installation of a step-pool roughened channel and series of boulder weirs.

VIII. ADJOURNMENT AND AGENDA SETTING

To request board packet information, please contact Brittany Jensen at (707) 823-5244.

Public Notice: In compliance with the Americans with Disabilities Act and Government Code Section 54954.2, if special assistance is needed to participate in a Board meeting, please contact the RCD at (707) 823-5244. Notification of at least 48 hours prior to meeting time will assist staff in assuring that reasonable arrangements can be made to provide accessibility at the meeting.
