 - 6-3 **Review of bids, selection of contractor and approval for Executive Director to enter into contract with selected contractor at bid amount for Redwood Hill Rainwater Catchment Project, funded by SCC 16-006 and DWR 4600010579.**

The project will collect stormwater at the dairy in the winter for summer use, eliminating summer withdrawals and enhancing rearing habitat in the middle reach of Green Valley Creek, while also reducing stormwater runoff and enhancing drought and climate change resiliency for this iconic farming operation that serves as a regional model for sustainability. Work includes gutter upgrades, trenching and piping, grading, and compaction.
 - 6-4 **Review of bids, selection of contractor and approval for Executive Director to enter into contract with selected contractor at bid amount for the Bodega Goat Ranch Water Conservation Project, funded by DWR 4600009714**

The project comprises construction activities at Bodega Goat Ranch, located near the town of Bodega in Sonoma County, California to install a 59,000-gallon rainwater catchment system to provide drinking water to a herd of 30 goats.
 - 6-5 **Approval of reduction in landowner cost share for the Bodega Goat Ranch Water Conservation Project**

6-6 Authorization of Executive Director to enter into an Agreement with NCRC&DC for \$369,434.25 for State Coastal Conservancy grant agreement #16-006 Lower Green Valley Creek Coho Migration Enhancement Project

This project will work to restore coho habitat and riparian function through lower Green Valley Creek to ensure migration to and from spawning habitat in the watershed’s upper reaches, providing 30% design funding for off-channel habitat at 2 sites, and constructing a 100,000-gallon rainwater catchment system at Redwood Hill Farm to offset late summer diversions from a tributary to lower GV Creek.

6-7 Resolution 2016-05 Authorization to go into contract with the Wildlife Conservation Board’s Proposition 1 Streamflow Enhancement Program for the Green Valley Creek Rural Water Conservation Project for \$508,376

The Wildlife Conservation Board has awarded funding to Gold Ridge RCD through Proposition 1 for implementation of several water conservation projects in the upper Green Valley watershed. The goal of these projects is to reduce the diversion of water from Green Valley Creek via shallow alluvial wells. Projects include construction of rainwater catchment systems and water storage tanks, and implementation of water conservation measures.
